

## Isinglass Trails Permission Agreement

I hereby give Isinglass Trails permission to construct and maintain trails on my property for public foot travel use. This is not a transfer of property rights. It merely gives permission to cross privately-owned land following designated routes. Neither this permission, nor any use of the trail(s) established pursuant to this permission shall, under any circumstances, entitle Isinglass Trails or trail users any right of adverse possession, any prescriptive easement, or any similar right with respect to any portion of the landowner's property.

The landowner may at any time revoke this permission by sending a letter in writing to:

Isinglass Trails  
1061 Kinsman Highway  
Grafton, NH 03240

I acknowledge that I have familiarized myself with RSA 508:14 Landowner Liability Limited and RSA 212:34 Duty of Care.

It is understood that this permission applies only to the land as identified and described below:

### Please check any that apply:

I would like to walk the property with you to show you around and make decisions together about what trail(s) to use and if any new trail(s) should be cut.

I am not in a position to walk the property with you in person, but I have specific instructions regarding which existing trail(s) I would like you to use, and where I do or do not want new trail(s) to be located.

I defer to your judgment regarding which trail(s) to use and if any new trail construction is appropriate.

I would like the trail(s) to stay out of sight of any of my buildings.

I would like to be able to directly access the trail network and would be happy to have a trail come close by my house.

I would like to be able to use the trail network and might appreciate having a private spur trail.

I would like Isinglass Trails' use of my property to be limited to the snow season.

I am willing to discuss the possibility of keeping appropriate trails open for year-round foot travel.

I would like to be notified each time you plan to perform trail maintenance on my property.

I like to hunt my property and I request you ask my permission each time before doing trail maintenance during hunting season(s). Details \_\_\_\_\_

I am willing to discuss the possibility of implementing a warming hut along the trail on my property.

I am willing to discuss the possibility of allowing parking on my property for trail users.

I ask that the inclusion of my property in Isinglass Trails remains anonymous in written information.

I would be happy to have the participation of my property listed on Isinglass Trails' website.

I would like the location of my property to be specifically noted on maps and trail signs.
